## CASH POSITION

### OPERATING ACTIVITIES

Operating activities generated cash flows of \$232.7 million in the third quarter and \$483.4 million over the first 40 weeks of fiscal 2016 compared to \$201.9 million and \$430.3 million for the corresponding periods of 2015.

### INVESTING ACTIVITIES

Investing activities required outflows of \$91.2 million in the third quarter of 2016 versus \$72.1 million for the corresponding period of 2015. This increase is primarily due to fixed and intangible asset acquisitions that were \$28.2 million greater in 2016 decreased by the disposal of tangible fixed assets that were \$8.7 million higher.

Over the first 40 weeks of fiscal 2016, investing activities required \$233.4 million versus \$138.0 million in 2015. Higher fixed and intangible asset acquisitions of \$70.2 million, as well as \$35.0 million in business acquisitions explain the increase.

During the first 40 weeks of 2016, we and our retailers opened 6 new stores and carried out major expansions and renovations of 31 stores for a gross expansion of 343,700 square feet and a net increase of 90,200 square feet or 0.4% of our retail network.

<sup>(1)</sup> See table on "Net earnings adjustments" and section on "Non-IFRS Measurements"

<sup>(2)</sup> See section on "Forward-looking Information"

**FINANCING ACTIVITIES**

We utilized \$192.3 million in funds in the third quarter of 2016 versus \$191.4 million in the same quarter of 2015. This variation is largely due to the \$112.9 million decrease in our debt and to a \$116.3 million decrease in the redemption of shares in 2016 versus 2015.

Over the first 40 weeks of 2016, we utilized \$271.5 million in funds versus \$323.2 million for the corresponding period of 2015. This variation is attributable to our debt change and to a lower redemption of shares in 2016.

**FINANCIAL POSITION**

We do not anticipate<sup>(2)</sup> any liquidity risk and consider our financial position at the end of the third quarter of fiscal 2016 as very solid. We had an unused authorized revolving credit facility of \$421.5 million. Our non-current debt corresponded to 31.2% of the combined total of non-current debt and equity (non-current debt/total capital).

At the end of the third quarter of fiscal 2016, the main elements of our non-current debt were as follows:

	Interest Rate	Maturity	Balance (Millions of dollars)
Revolving Credit Facility	Rates fluctuate with changes in bankers' acceptance rates	November 3, 2020	178.5

Series B Notes	5.97% fixed rate	October 15, 2035	400.0
Series D Notes	5.03% fixed rate	December 1, 2044	300.0

## **NEW ACCOUNTING POLICIES**

### **ADOPTED IN 2016**

#### **Presentation of financial statements**

In the first quarter of fiscal 2016, the Corporation elected early adoption of the amendments to IAS 1 "Presentation of Financial Statements". The amendments clarified materiality, order of notes to financial statements, disclosure of accounting policies as well as aggregation and disaggregation of items presented in the financial statements. In the condensed consolidated statements of financial position, the Corporation has aggregated the various equity items.

### **ISSUED BUT NOT YET EFFECTIVE**

#### **Leases**

In January 2016, the International Accounting Standards Board (IASB) issued IFRS 16 "Leases" which replaces IAS 17 "Leases" and related interpretations. Under this new standard, which provides a single model for leases abolishing the current distinction between finance leases and operating leases, most leases will be recognized in the statement of financial position. Certain exemptions will apply for short-term leases and leases of low-value assets. IFRS 16 shall be applied to fiscal years beginning on or after January 1, 2019. Earlier application is permitted under certain conditions. The Corporation will assess, in due course, the impact of this new standard on its consolidated financial statements.

## **FORWARD-LOOKING INFORMATION**

We have used, throughout this report, different statements that could, within the context of regulations issued by the Canadian Securities Administrators, be construed as being forward-looking information. In general, any statement contained herein that does not constitute a historical fact may be deemed a forward-looking statement. Expressions such as "continue", "anticipate", "create" and other similar expressions are generally indicative of forward-looking statements. The forward-looking statements contained herein are based upon certain assumptions regarding the Canadian food industry, the general economy, our annual budget, as well as our 2016 action plan.

## **NON-IFRS MEASUREMENTS**

In addition to the International Financial Reporting Standards (IFRS) earnings measurements provided, we have included certain non-IFRS earnings measurements. These measurements are presented for information purposes only. They do not have a standardized meaning prescribed by IFRS and therefore may not be comparable to similar measurements presented by other public companies.

## **ADJUSTED NET EARNINGS AND ADJUSTED FULLY DILUTED NET EARNINGS PER SHARE**

Adjusted net earnings and adjusted fully diluted net earnings per share are earnings measurements that exclude non-recurring items. They are non-IFRS measurements. We believe that presenting earnings without non-recurring items leaves readers of financial statements better informed as to the current period and corresponding prior year's period's earnings, thus enabling them to better evaluate the Corporation's performance and judge its future outlook.

## **OUTLOOK**

We are very pleased with our solid third quarter results. Our teams did an excellent job to grow sales, tonnage and market share in a highly competitive environment marked by declining food inflation. We will continue<sup>(2)</sup> to execute on our strategy and invest in our infrastructure to create<sup>(2)</sup> value for our customers and shareholders.

**Notes to interim condensed consolidated financial statements****Periods ended July 2, 2016 and July 4, 2015***(Unaudited) (Millions of dollars, unless otherwise indicated)***1. STATEMENT PRESENTATION**

METRO INC. (the Corporation) is a company incorporated under the laws of Québec. The Corporation is one of Canada's leading food retailers and distributors and operates a network of supermarkets, discount stores and drugstores. Its head office is located at 11011 Maurice-Duplessis Blvd., Montréal, Québec, Canada, H1C 1V6. Its various components constitute a single operating segment.

The unaudited interim condensed consolidated financial statements for the 16 and 40-week periods ended July 2, 2016 have been prepared by management in accordance with IAS 34 "Interim Financial Reporting" and using the same accounting policies as those used in preparing the audited annual consolidated financial statements for the year ended September 26, 2015, except for the newly adopted accounting policy described in note 2. They should be read in conjunction with the audited annual consolidated financial statements and accompanying notes which were presented in the Corporation's 2015 Annual Report.

**2. NEW ACCOUNTING POLICIES****ADOPTED IN 2016****Presentation of financial statements**

In the first quarter of fiscal 2016, the Corporation elected early adoption of the amendments to IAS 1 "Presentation of Financial Statements". The amendments clarified materiality, order of notes to financial statements, disclosure of accounting policies as well as aggregation and disaggregation of items presented in the financial statements. In the condensed consolidated statements of financial position, the Corporation has aggregated the various equity items.

**ISSUED BUT NOT YET EFFECTIVE****Leases**

In January 2016, the International Accounting Standards Board (IASB) issued IFRS 16 "Leases" which replaces IAS 17 "Leases" and related interpretations. Under this new standard, which provides a single model for leases abolishing the current distinction between finance leases and operating leases, most leases will be recognized in the statement of financial position. Certain exemptions will apply for short-term leases and leases of low-value assets. IFRS 16 shall be applied to fiscal years beginning on or after January 1, 2019. Earlier application is permitted under certain conditions. The Corporation will assess, in due course, the impact of this new standard on its consolidated financial statements.

### 3. BUSINESS ACQUISITIONS

In the first quarter of 2016, the Corporation acquired the assets of three affiliated stores in Québec which it already supplied, and of a food store from a competitor in Ontario. The total purchase price was \$35.3, with a remaining balance of \$0.3 to be paid as at July 2, 2016. The acquisition of these stores was accounted for using the purchase method. The stores' results have been consolidated as of their respective acquisition dates. The final total purchase price allocation was as follows:

Net assets acquired at their fair value

Inventories	3.0
Fixed assets	9.1
Goodwill	23.1
Deferred tax assets	0.1
	<hr/>
	35.3
	<hr/>
Cash consideration	35.0
Balance due	0.3
	<hr/>
	35.3
	<hr/>

The goodwill from the acquisitions correspond to the additional contribution expected from the stores in Québec and to an increase in customers buying from the new food store in Ontario. In the goodwill's tax treatment, 75% of the goodwill is treated as eligible assets with related tax deductions and 25% as non-deductible.

The fair value of the non-controlling interest-related liability is equivalent to the estimated price to be paid, which is based mainly on the discounted value of the projected future earnings of Adonis, Phoenicia and Première Moisson, as of the date the options will become exercisable. The Corporation categorized the fair value measurement in Level 3, as it is derived from data that is not observable. The projected future earnings of these entities are measured again at each period using a strategic development plan with a weighted annual growth rate of 8.6% as at July 2, 2016 (9.6% as at July 4, 2015). A 1% increase in these earnings would result in a \$2.0 increase in the fair value of the non-controlling interest-related liability.

The changes of the non-controlling interest-related liability were as follows:

	Total
Balance as at September 27, 2014	192.2
